I got a call from Jessica yesterday afternoon. Not sure what went out as final from R9. I expect Hq will modify too.

Hi Jane – Earlier, I'd asked others to pass this along to you before it went to the 18th floor, so I'm sorry if this is the first you're seeing it. Nancy and I both think it looks fine. OCIR was looking for this product today, so Alexis, Jessica, or OPA may have already sent it.

On a related note we have the AX from David Lewis and Save the Bay due 2/19 which was controlled to the Region, but perhaps without adequate consultation within OW first. I'm running that to ground.
